Q10 Did your participation in the Monitor Farm Project allow you to form new networks and build relationships with other farmers and stakeholders...

Answered: 26 Skipped: 5

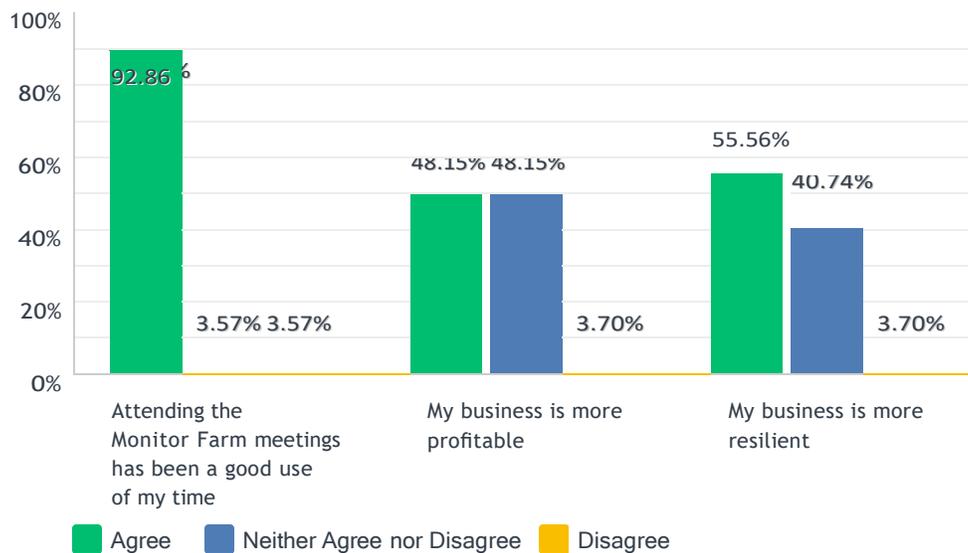

Q11 What motivated you to attend a Monitor Farm meeting ?

Answered: 26 Skipped: 5

#	RESPONSES	DATE
1	Interest and wanting to learn	3/21/2020 7:42 AM
2	Researcher interested in learning and change through peer-to-peer demonstration and discussion	2/27/2020 4:30 PM
3	general interest	2/19/2020 11:30 PM
4	Learn new techniques and modern practices	2/18/2020 10:37 PM
5	Interested to see/hear about what others do.	2/16/2020 12:57 PM
6	The Rural Skills students from Dornoch Academy attended as a supplement to their course work. It was a fascinating workshop to hear the report from a local farm.	2/12/2020 11:06 AM
7	Keen to learn	2/12/2020 10:54 AM
8	The opportunity to glean information from specialists, other farmers and the owners of the monitor farm itself that I could implement on my own holding, all from a first hand perspective. It presented a unique opportunity to observe in real terms how modifications in farming practices can have a tangible and observable effect.	2/12/2020 12:38 AM
9	SAC Thurso suggested it as we are new to the area	2/11/2020 9:18 PM
10	To see how other farmers go about there day to day duties . Find out how to be if it from other farmers experiences	2/9/2020 5:44 PM
11	improving profitability of current system	2/9/2020 5:32 PM
12	Where the host farm managed told us he had attended Crops Scotland and as a result intended to Terramp soil.survey from.Hutchinsons, the system is useless so I had a quiet chuckle as we tested this system on our.fsrn and it's not good at all	2/9/2020 5:05 PM
13	To learn and develop own and monitor farm business	2/9/2020 3:54 PM
14	opportunity to learn, develop new skills, meet people and see new techniques in practice	2/9/2020 2:17 PM
15	New to the area so wanted to meet other farmers. Joined both the management group and the business group	2/9/2020 1:33 PM
16	To learn from other farmers' experiences.	2/8/2020 2:32 PM
17	Knowing the host	2/7/2020 9:48 PM
18	Have been to previous round of monitor farm projects in Fife.	2/7/2020 8:25 PM
19	a need to change, I could see the writing on the wall for how things had been done here for the last 40-50 years	2/7/2020 8:16 PM
20	To try and improve my own farming enterprise	2/7/2020 5:05 PM
21	Monitor Farmer. Farmer led information, expert advice, succession planning, new enterprise support.	2/7/2020 2:07 PM
22	Information and ideas	2/7/2020 12:14 PM
23	Learning new information, meeting new people, improving our own profitability.	2/7/2020 12:14 PM
24	G	2/7/2020 12:11 PM
25	to learn and meet people	2/7/2020 12:09 PM
26	k	2/5/2020 1:17 PM

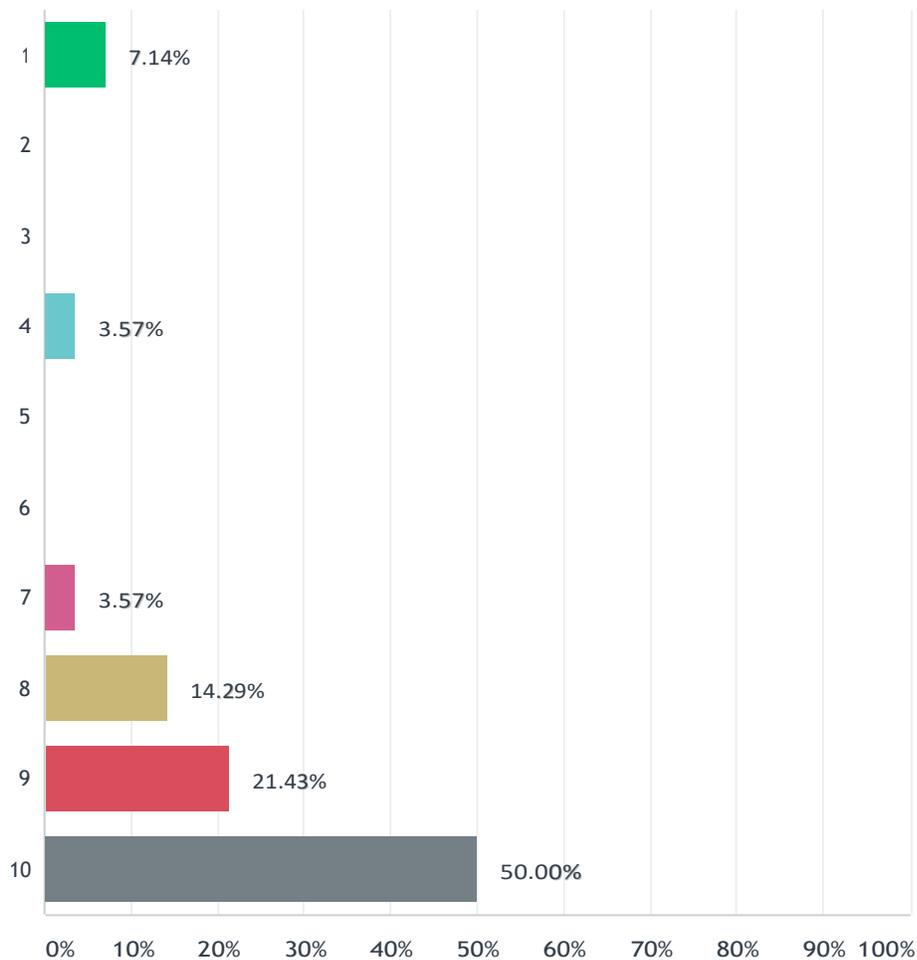

Q12 How have the meetings contributed to you and your business?

Answered: 28 Skipped: 3

Q13 How likely would you be to recommend the Monitor Farm programme to a friend or colleague? (10 being extremely likely)

Answered: 28 Skipped: 3

Q14 Did your participation in the Monitor Farm Project lead you to change any of following categories?

Answered: 22 Skipped: 9

ANSWER CHOICES	RESPONSES	
Animal Health (If yes, tell us about one change that you have made to your animal health as a result of attending the Monitor Farm meetings)	68.18%	15
Arable (if yes, tell us about one change that you have made to your Arable business as a result of attending the Monitor Farm meetings)	36.36%	8
Collaboration (if yes, tell us about any collaboration that has come about as a result of attending the Monitor Farm meetings)	45.45%	10

14	testing and use of sulphur	2/7/2020 12:09 PM
15	q	2/5/2020 1:17 PM
#	SUCCESSION (IF YES, TELL US ABOUT ONE CHANGE THAT YOU HAVE MADE TO YOUR SUCCESSION PLANNING AS A RESULT OF ATTENDING THE MONITOR FARM MEETINGS)	DATE
1	As above, a great deal was learnt about succession and the science behind it.	2/12/2020 11:06 AM
2	No	2/12/2020 10:54 AM
3	Talking about succession to family and wider social circle	2/9/2020 3:54 PM
4	Yes had more family discussion	2/9/2020 3:47 PM
5	Succession has been looked into and moved forward. Wills & Power of Attorney in place.	2/7/2020 2:07 PM
6	too soon to tell	2/7/2020 12:14 PM
7	changed partnership structure	2/7/2020 12:09 PM
8	q	2/5/2020 1:17 PM

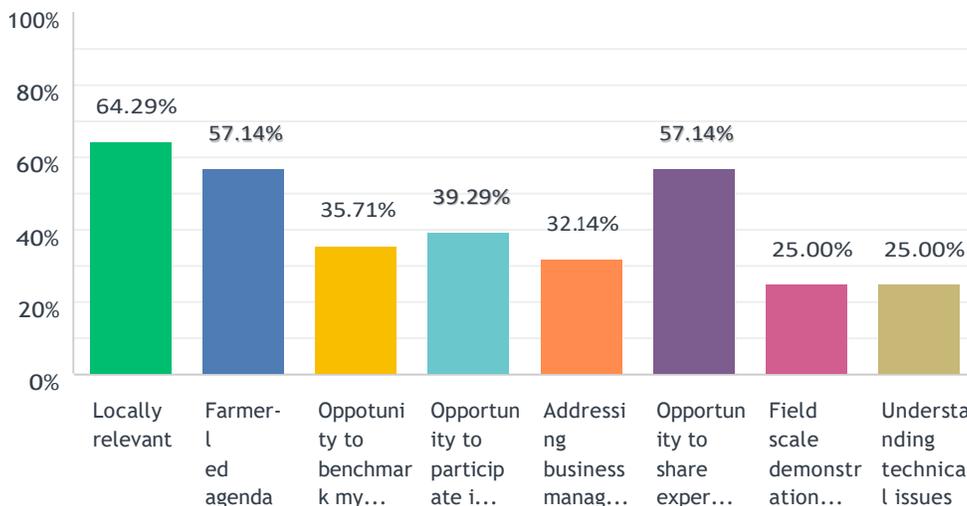

Q15 What was the most memorable Monitor Farm Meeting that you have attended to date?

Answered: 26 Skipped: 5

#	RESPONSES	DATE
1	1. Grassland management 2. Woodland opportunities	3/21/2020 7:42 AM
2	My first meeting (Lothian, May 18)- including the farm tour (described to me as a 'safari'), nature of discussions in the field, and getting a sense of the type of interaction and decision-making resulting from it.	2/27/2020 4:30 PM
3	several good ones.	2/19/2020 11:30 PM
4	Zero till meeting with Clive bailey	2/18/2020 10:37 PM
5	When they looked at costings for various operations / activities	2/16/2020 12:57 PM
6	We have only attended one with the Ruaral skills group but we plan to attend more. It helps the students to liases with local farmers and therefore gives them an insight in to the profession. Also it adds substance to the course.	2/12/2020 11:06 AM
7	All were good	2/12/2020 10:54 AM
8	Grassland management lecture by Michael Blanche. The guy is both incredibly knowledgeable and knows how to impart it.	2/12/2020 12:38 AM
9	Grass Management	2/11/2020 9:18 PM
10	They have all been great	2/9/2020 5:44 PM
11	I.have already answered	2/9/2020 5:05 PM
12	Succession planning meeting.	2/9/2020 3:54 PM
13	Always liked to see bulls prior to sale	2/9/2020 3:47 PM
14	Charlie Morgan and the Bowhill / Giles Henry visit.	2/9/2020 2:17 PM
15	June 2017 - looking at the accuracy of dosing guns and the effect of rotational grazing on worm burden	2/9/2020 1:33 PM
16	June meeting	2/8/2020 2:32 PM
17	The trip to holyrood	2/8/2020 8:56 AM
18	Meeting with National Agricultural Manager of HSBC bank	2/7/2020 9:48 PM
19	Talk by Clive Bailye on Direct Drilling, conservation tillage and cover crops.	2/7/2020 8:25 PM
20	the first I went to, with the Kiwi guy talking about the benefits of change, I felt YES!!!	2/7/2020 8:16 PM
21	Benchmarking	2/7/2020 5:05 PM
22	Iceberg diseases discussion and information session. Succession planning. Deer enterprise discussions.	2/7/2020 2:07 PM
23	The last meeting and the one in the pre harvest.	2/7/2020 12:14 PM
24	The final event at the Borders Farm (and so far one of only two meetings I have attended.	2/7/2020 12:14 PM
25	Soils with James bretherton	2/7/2020 12:09 PM
26	d	2/5/2020 1:17 PM

Q16 Which are the three most important aspects of the programme to you?

Answered: 28 Skipped: 3

ANSWER CHOICES	RESPONSES	
Locally relevant	64.29%	18
Farmer-led agenda	57.14%	16
Opportunity to benchmark my business	35.71%	10
Opportunity to participate in discussion	39.29%	11
Addressing business management challenges	32.14%	9
Opportunity to share experiences with other farms	57.14%	16
Field scale demonstration of new techniques and systems	25.00%	7
Understanding technical issues	25.00%	7
Total Respondents: 28		

Q17 Do you have any comments on the topics and presentations at the Monitor Farm meetings?

Answered: 19 Skipped: 12

#	RESPONSES	DATE
1	Very pleased overall	3/21/2020 7:43 AM
2	Topics all seemed to be appropriate in both Farms, but sometimes presentations in Morayshire appeared to be slightly misjudged in terms of the length of time participants were being asked to stand and listen.	2/27/2020 4:34 PM
3	program needs to be extended to a more local level maybe with local facilitators . the program has started to make a difference but my impression is that so far it might have reached less that 25% at a level that involves making real change but the is an awareness which has be raised by the program and should be built on.	2/19/2020 11:40 PM
4	Some topics but basic and more detail required	2/18/2020 10:44 PM
5	No	2/16/2020 12:57 PM
6	I thoughoughly enjoyed the grassland science talk at Clyneish farm, Brora. We then took a trip around the farm looking at succession and the length of the grass. ... very good	2/12/2020 11:09 AM
7	No	2/12/2020 10:55 AM
8	Whilst being incredibly informative in the main, some of the speakers work on the premise that everyone is as equally au fait with the subject matter as them. I aren't suggesting that the meetings should be "dumbed down" but possibly just a little more inclusive, especially for those in attendance that are new to the industry.	2/12/2020 12:52 AM
9	All meetings we attended were truly helpful to us. Fingers crossed for a Caithness monitor farm in the future.	2/11/2020 9:21 PM
10	The meetings were very well presented .	2/9/2020 5:46 PM
11	fundamentally there was little to no mention of the most important word on farming... profit! topics were presentations were more focused on minor details in running a business	2/9/2020 5:37 PM
12	This survey system is crap	2/9/2020 5:07 PM
13	The topics and presentations have all been relevant to either the monitor farmer or the community group. At each meeting there is something for everyone and different meetings have engaged with a wider group, not always the same people at every meeting.	2/9/2020 3:58 PM
14	Topics were highly relevant & the presenters on the whole have been very good.	2/9/2020 1:34 PM
15	sometimes too led by people with a financial intrest in selling you their product, for example seed merchants, its fine I want to hear them but a counter argument from a more objective source would be good.	2/7/2020 8:20 PM
16	They were just about as good as they could be with the options available	2/7/2020 5:12 PM
17	Excellent topics with a wide range of speakers from across Scotland and beyond.	2/7/2020 2:10 PM
18	no	2/7/2020 12:14 PM
19	The farmer led element is essential for success	2/7/2020 12:10 PM

Q18 What is the most significant improvement the organisers could make to this programme?

Answered: 17 Skipped: 14

#	RESPONSES	DATE
1	Continuation!	3/21/2020 7:43 AM
2	Encourage as much interaction between participants as possible.	2/27/2020 4:34 PM
3	need to be more local	2/19/2020 11:40 PM
4	It was fine.	2/16/2020 12:57 PM
5	To include, if possible, school groups to further improve the chances of a new generation becoming involved in the industry.	2/12/2020 11:09 AM
6	Happy with it as it is	2/12/2020 10:55 AM
7	Perhaps have a farm within the programme that wasn't a large scale operation. It would make it more relatable for many people if a sub 100 acre enterprise was included... sub 50 even better! It is often the case that practices effected on smaller units can be scaled up to suit larger operations but not vice versa, so the inclusion of a considerably smaller farm would appeal to everyone from small scale crofters through to vast 1000+ acre farms.	2/12/2020 12:52 AM
8	Having maybe one or two meetings a year that would be aimed at the small crofter.	2/11/2020 9:21 PM
9	Keep doing what they are doing .	2/9/2020 5:46 PM
10	actual financial figures available to all where year end financials are discussed. without profit it does not matter how many kgs of grass or meat you produce.	2/9/2020 5:37 PM
11	Don't use survey monkey	2/9/2020 5:07 PM
12	To continue the programme to enable a wide group of farmers to learn and put into practice what they have seen or heard about through the monitor farm.	2/9/2020 3:58 PM
13	Do it again in the Ayrshire area	2/9/2020 1:34 PM
14	do more, double down on the fine work. I would welcome the chance to meet farmers from other areas, I loved the talk by the guy from down Ayrshire about his cows	2/7/2020 8:20 PM
15	Choose a monitor farm that is more relevant	2/7/2020 5:12 PM
16	It must be relevant and accessible to all. Lot of local farmers do not attend - not sure why or how to get them to share the benefits of the programme. Excellent facilitators. More chances to network with other Monitor Farmers throughout Scotland.	2/7/2020 2:10 PM
17	do it again!	2/7/2020 12:14 PM

Q19 Additional Comments?

Answered: 13 Skipped: 18

#	RESPONSES	DATE
1	Niall, George and Morven from SRU did a great job	3/21/2020 7:43 AM
2	Some questions not answered as not applicable. I thoroughly enjoyed all of the meetings that I attended and learned a huge amount. Thank you.	2/27/2020 4:34 PM
3	None	2/16/2020 12:57 PM
4	Very inspiring and a good addition to the Curriculum for Excellence in schools.	2/12/2020 11:09 AM
5	Found it great to communicate with other farmers	2/9/2020 5:46 PM
6	i feel money could have been better spent that it was in facilitating the meetings. happy to discuss further with anyone who wants 07951097644	2/9/2020 5:37 PM
7	Use your own survey as survey monkey is a RIP off	2/9/2020 5:07 PM
8	A valuable use of time and funds, not only has the monitor farmer dramatically improved so have others in the community.	2/9/2020 3:58 PM
9	Good to meet and share ideas with like minded farmers	2/9/2020 3:49 PM
10	we (as attendees) must work to make sure we continue all of the positive outcomes of the program and continue to work together to share ideas and improve the profitability and sustainability of our own businesses. Huge thanks to Andrew and Eileen for thier blood sweat and tear poured into the project along with their optimism and honesty. well done also to the facilitators for their hard work and energy. A really fantastic program of events which has clearly had a positive impact on many many businesses.	2/9/2020 2:21 PM
11	I feel the monitor farm experience was very positive , very well run and presented	2/8/2020 8:58 AM
12	thank you, I cannot tell you how valuable it all has been. also thanks for the tasty lunches.	2/7/2020 8:20 PM
13	The monitor farm experience has been very worthwhile as it is always useful to hear other points of view and discuss things with like minded people. It also gave us opportunities that we would otherwise not have had. eg, going to the Scottish parliament and meeting Fergus Ewing.	2/7/2020 5:12 PM
